We will document your child in their favorite surroundings while engaged in their favorite activities (riding their bike, baking cookies or reading with mom, etc). ## Prestige Portrait

Prestige Portraits are retouched and enhanced. Once printed, your portrait is permanently bonded to a high quality artist's canvas, showing every thread through the photograph, making it appear as though the portrait itself is printed directly on the canvas. The canvas is then stretched over wooden frames in the same manner as an artist's oil painting. Finally, a protective coat of spray is applied in a direction reminiscent of an oil painting.
